

Guelph Coding Community

Challenge Committee Policy

Not in effect — pending changes to SOCIS constitution

1 Objective

The CS Games Committee is tasked with the preparations and organization for the Guelph delegation to the annual CS Games Competition.

2 Goals

The committee's goals are as follows:

- Advertise the CS Games throughout the Fall semester
- Select two teams to attend the CS Games by the beginning of the Winter semester
 - Each team consists of ten (10) people
 - A GodFather may accompany them
 - * **GodFather** A student who has graduated and has previously participated in CSGames.
- Collaborate with the SOCIS Vice President External for event organization
- Ensure that students are adequately informed of:
 - Cost to participate
 - Expectations of conduct at the event
 - Hotel accommodations at the event
 - Dietary accommodations at the event
 - Transportation arrangements at the event
 - Transportation plans for getting to and from the event
- Organize the teams into optimal groups for each event at the CS Games

3 Membership

This committee shall be headed by a member of the executive, and consist of at least two other appointed members from the Executive or regular club members. Members seek to fulfil the committee goals.

Open positions on this committee should be advertised at the beginning of the Fall semester during the first general meeting.
